

Expensify Launches Corporate Card in Europe

July 20, 2026

Finance teams across the UK and EU can now issue Expensify Visa® Commercial Cards for real-time spend visibility, built-in policy controls, and fewer reimbursements.

SAN FRANCISCO--(BUSINESS WIRE)--Jul. 20, 2026-- Expensify, Inc. (Nasdaq: EXFY), the easiest way to manage expenses, corporate cards, and travel, today announced that the [Expensify Card](#) is available to businesses of all sizes in the UK and select European markets, including Spain, Ireland, Poland, and the Netherlands.

"The Expensify Card works quietly in the background to keep your business spend controlled, compliant, and ready for accounting," said David Barrett, founder and CEO of Expensify. "It's a preaccounting assistant that eliminates hours of reconciling transactions, chasing receipts, and reimbursing employees. One of our US customers, Pivot Bio, [cut down](#) on their expense report audit times by 90%. We can't wait to share that same time savings with millions of businesses in the UK and EU."

Key benefits of the Expensify Card include:

- **Real-time spend visibility:** Transactions appear instantly in Expensify, so finance teams aren't waiting until month-end to see what was spent.
- **Auto-categorization and receipt matching:** Concierge AI automatically codes and matches receipts to transactions while incorporating member preferences and feedback.
- **Spend controls:** Spending limits block non-compliant purchases in real-time, and category rules flag out-of-policy transactions before they're approved.
- **Virtual cards for one-off purchases:** Single-use and date-limited virtual cards provide flexible options for contractors, subscriptions, or project-based spend.
- **Daily or monthly settlement:** Settle balances on a schedule aligned with cash flow.
- **VAT support:** Built-in VAT tracking and enhanced statement reporting make UK and EU compliance easier to manage.
- **Accounting integrations:** Automatic, two-way syncs with QuickBooks, Xero, NetSuite, Sage Intacct, and more make reconciliation faster.
- **Global flexibility:** Use the Expensify Card at millions of locations worldwide, with zero foreign transaction fees.
- **Easy setup:** Connect any GBP, EUR, or US business bank account. No minimums, deposits, personal guarantees, or credit checks required.
- **Subscription savings:** Teams that use the Expensify Card for business spend qualify for up to 50% off their Expensify subscription.

The launch is part of the company's broader push into global markets, including support for corporate cards from 10,000+ banks worldwide through its [Bring Your Own Cards \("BYOC"\) program](#).
