The Insights feature allows any Expensify member to easily monitor all aspects of company spend across categories such as employees, projects, departments, and subsidiaries. In addition to a visual reporting dashboard, Expensify introduced a Custom Reports feature, where trained admins can take a consultative approach and build the reports they need to understand, analyze, and summarize their companies' spend.

"Running an efficient business means being able to see the numbers you need to see, when you need to see them," says David Barrett, founder and CEO of Expensify. "We've made it easier than ever to build a custom report on any metric you can imagine so that analysis of critical company data is just a click away. Even better, our Account Managers are standing by to help with everything from basic questions to best practices," says Barrett. "It's all part of ensuring Expensify helps you and your team make more informed
